The county committee's determination with respect to goals shall be based on conservative range management, forage and feed resources of the ranch, topographic and cultural features, utilization of forage by wildlife and the extent to which the resources of the ranch have been utilized in a conservative manner.</p>

-------------------------	---

Sec. 2. RANGE-BUILDING ALLOWANCE

(a) Acreage and grazing capacity. The range-building allowance shall be 3 cents per acre of range land in the ranching unit plus 75 cents times the grazing capacity of the range land: Provided, however, that the grazing capacity item shall not be calculated on more than one animal unit for each 10 acres of range land in the ranching unit, and the acreage item shall not be calculated on more than 60 acres for each animal unit of grazing capacity established for the ranching unit: Provided further, That the amount computed under this paragraph shall not be less than 10 cents times the number of such acres or 640 acres, whichever is smaller.

(b) Mountain meadowland. In addition, the range-building allowance shall include 35 cents times the number of acres of mountain meadowland in the ranching unit from which hay is normally harvested for feeding on the ranching unit to range livestock owned by the operator of the ranching unit: Provided, however, the mountain meadowland for which this additional allowance is made shall not be considered in calculating the portion of the range-building allowance provided for in paragraph (a).

Sec. 3. CONDITIONS OF PAYMENT

(a) No payment for range-building practices carried out under Section 1 will be made unless limited grazing has been carried out on the ranch during 1940 or the county committee shall have determined that the method of ranch management for those ranching units which did not participate in either the 1938 or the 1939 range programs has been adjusted before December 31, 1940, in the manner required to successfully carry out limited grazing.

(b) Promotion of conservation and good range management. Payments for carrying out range-building practices are conditioned upon the adoption or maintenance of conservative range management practices designed to secure or maintain a good stand of grass or other palatable forage plants and in bringing about such use of the forage resources of the ranch as will most effectively carry out the purposes of the Soil Conservation and Domestic Allotment Act. Payments under the 1940 Meagher County, Montana, Range Conservation Program will be made only with respect to those ranching units on which the county committee certifies that such range management practices have been followed. The range-building practices approved by the county committee for any ranching unit shall be practices which the county committee finds are needed on the ranch in order to promote conservation and good range management.

(c) Payments limited to range-building allowance. The range-building payment with respect to any ranching unit shall not exceed the range-building allowance for such ranching unit. Payment will be made only if range-building practices are carried out according to specifications recommended by the State Committee and approved by the Regional Director. Payments made for carrying out range-building practices shall not be subject to the deduction provisions of Section 1 of the 1940 Agricultural Conservation Program Bulletin. However, in 1940 if any area in excess of 10 per cent of the ranching unit is overgrazed within a ranching unit on which the performance of limited grazing has been approved and, in the judgment of the county committee, this abuse was deliberate and was done for profit or through negligence, a deduction shall be made equal to five times the limited grazing payment computed for the area affected, at the average per-acre rate earned for carrying out limited grazing under (a)-(1) or (a)-(2), whichever is applicable, for the ranching unit.

(d) State or Federal aid. No payment will be made for practices carried out with labor, seed, trees, and materials furnished entirely by any State or Federal agency other than the Agricultural Adjustment Administration, or for practices with respect to which a portion of the labor, seed, trees, or other materials used in carrying out such practices is furnished by a State or Federal agency other than the Agricultural Adjustment Administration, if such portion represents one-half or more of the total cost of carrying out such practices. If a portion of the labor, seed, trees, or other materials used in carrying out any practice is furnished by a State or Federal agency other than the Agricultural Adjustment Administration and such portion represents less than one-half of the total cost of carrying out such practice, payment will be made for such

practice at one-half of the rate specified in Section 1: Provided, That labor, seed, trees, and materials furnished to a State, political subdivision of a State, or any agency thereof by an agency of the same State shall not be deemed to have been furnished by "any State . . . agency" within the meaning of this paragraph. Trees purchased from a Clark-McNary Cooperative State Nursery shall not be deemed to be paid for in whole or in part by a State or Federal agency.

Sec. 4. CHANGES IN LEASING ARRANGEMENTS AND OTHER DEVICES

No payment will be made to any person who has for 1940 made any change from the 1939 leasing arrangements of range land for the purpose of, or which would have the effect of, diverting to such person any payment to which any lessee would be entitled if the 1939 leasing arrangements of such range land were in effect for 1940. If the State Committee finds that any person who files an application for a payment pursuant to the provisions of the 1940 Meagher County, Montana, Range Conservation Program has made any change from the 1939 leasing arrangements of such range land or has employed any other scheme or device whatsoever for the purpose of, or which would have the effect of, depriving any other person of any payment or share therein to which such other person otherwise would be entitled, the Secretary may withhold in whole or in part from the person participating in such a scheme or device, or require such person to refund in whole or in part, the amount of any payment which has been or otherwise would be made to such person for performance in connection with the 1940 Meagher County, Montana, Range Conservation Program.

Sec. 5. ELIGIBILITY FOR PAYMENT

(a) Persons eligible to file application. Application for range-building payment may be made only by ranch operators. Range-building payments will be made to (1) a sole ranch operator, or (2) each ranch operator of a group of two or more ranch operators, provided they all signify in the application for the range-building payment a percentum of the total payment to be made to each ranch operator. In case there are two or more ranch operators, the application must be made by all of them, except that in cases where any ranch operator refuses to sign the application for payment the county committee shall determine the percentage share of each ranch operator and payment of his percentage share will be made to each ranch operator applying for payment in accordance with such determination.

(b) Time and manner of filing application and information required. Payment will be made only upon application submitted through the county office, on or before a date fixed by the Regional Director but not later than April 30, 1941. The Secretary reserves the right (1) to withhold payment to any ranch operator who fails to file any form or furnish any information required with respect to any ranching unit in which such ranch operator is interested, and (2) to refuse to accept any application for payment if any form or information required is not submitted to the county office within the time fixed by the Regional Director. At least two weeks' notice to the public shall be given in advance of the expiration of a time limit for filing prescribed forms.

(c) Excess cotton acreage. Any person who makes application for payment with respect to any ranching unit located in a county in which cotton is planted in 1940 shall file with such application a statement that the applicant has not knowingly planted or caused to be planted during 1940 cotton on land on any farm in which he has an interest in excess of the cotton acreage allotment established for the farm for 1940 and that cotton was not planted in excess of such allotment by his authority or with his consent.

Any person who knowingly plants cotton on his farm in 1940 on acreage in excess of the cotton acreage allotment established for the farm for 1940 shall not be eligible for any payment under the provisions of the 1940 Meagher County, Montana, Range Conservation Program. Any person having an interest in the cotton crop on a farm on which cotton is planted in 1940 on acreage in excess of the cotton acreage allotment for the farm for 1940 shall be presumed to have knowingly planted cotton on his farm on acreage in excess of such farm cotton acreage allotment if notice of the farm allotment is mailed to him prior to the completion of the planting of cotton on the farm, unless the farmer establishes the fact that the excess acreage was planted to cotton due to his lack of knowledge of the number of acres in the tract(s) planted to cotton. Such notice, if mailed to the operator of the farm, shall be deemed to be notice to all persons sharing in the production of cotton on the farm in 1940.

Sec. 6. PAYMENT RESTRICTED TO EFFECTUATION
OF THE PURPOSES OF THE PROGRAM

All or any part of any payment which otherwise would be made to any person under the 1940 Meagher County, Montana, Range Conservation Program may be withheld (1) if he has adopted any practice which the Secretary determines tends to defeat any of the purposes of the 1940 or previous range conservation programs, (2) if, by means of any corporation, partnership, estate, trust, or any other device, or in any manner whatsoever, he has offset, or has participated in offsetting, in whole or in part, the performance for which such payment is otherwise authorized, or (3) if, with respect to forest land or woodland owned or controlled by him, he adopts any practice which the Regional Director finds is contrary to sound conservation practices.

No payment will be made to any person if it is determined in accordance with instructions issued by the Agricultural Adjustment Administration that, with respect to any ranch which he owns or operates, the stand of grass has been decreased or the forage, tree growth, or watershed has been injured by overgrazing in 1940.

Sec. 7. PAYMENTS COMPUTED AND MADE WITHOUT
REGARD TO CLAIMS

Any payment or share of payment shall be computed and made without regard to questions of title under State law, without deduction of claims for advances (except as provided in Section 11), and without regard to any claim or lien against any crop or livestock, or proceeds thereof, in favor of the owner or any other creditor.

Sec. 8. INCREASE IN SMALL PAYMENTS

The total payment computed for any person with respect to any ranching unit shall be increased as follows:

Sec. 9. PAYMENTS LIMITED TO \$10,000

The total of all payments made in connection with programs for 1940 under Section 8 of the Soil Conservation and Domestic Allotment Act to any individual, partnership, or estate with respect to farms and ranching units in the State of Montana shall not exceed the sum of \$10,000 prior to deduction for association expenses in the county or counties with respect to which the particular payment is made. The total of all payments made in connection with programs for 1940 under Section 8 of the Soil Conservation and Domestic Allotment Act to any person other than an individual, partnership or estate with respect to farms, ranching units and turpentine places in the United States (including Alaska, Hawaii, and Puerto Rico) shall not exceed the sum of \$10,000, prior to deduction for association expenses in the county or counties with respect to which the particular payment is made.

All or any part of any payment which has been or otherwise would be made to any person under the 1940 Agricultural Conservation Program, including the Range Conservation Program, may be withheld or required to be returned if he has adopted or participated in adopting any scheme or device, including the dissolution, reorganization, or formation of any corporation, partnership, estate, trust, or by any other means, which was designed to evade, or would have the effect of evading, the provisions of this section.

Sec. 10. DEDUCTIONS FOR ASSOCIATION EXPENSES

There shall be deducted pro rata from the payments with respect to any ranching unit all or such part as the Secretary may prescribe of the estimated administrative expenses incurred or to be incurred by the county agricultural conservation association in the county in which the ranching unit is located.

Sec. 11. ASSIGNMENTS

Any person who may be entitled to any payment in connection with the 1940 Meagher County, Montana, Range Conservation Program may assign his interest in such payment as security for cash loaned or advances made for the purpose of financing the making of a crop in 1940. No such assignment will be recognized unless the assignment is made in writing on Form ACP-69 in accordance with instructions (ACP-70) issued by the Agricultural Adjustment Administration and unless such assignment is entitled to priority as determined under the instructions governing the recording of such assignments issued by the Agricultural Adjustment Administration.

Nothing contained in this Section 11 shall be construed to give an assignee a right to any payment other than that to which the ranch operator is entitled nor (as provided in the statute) shall the Secretary or any disbursing agent be subject to any suit or liability if payment is made to the ranch operator without regard to the existence of any such assignment.

Sec. 12. ESTABLISHMENT OF GRAZING CAPACITIES

There shall be established a grazing capacity for each ranching unit for which an application for determination of grazing capacity is received on or before a date established by the Regional Director as affording reasonable opportunity for the filing of such applications. In determining grazing capacity, consideration shall be given to the following: (a) composition, palatability, and density of forage growth; (b) climatic fluctuations; (c) distribution and character of watering facilities; (d) topographic and cultural features; (e) presence or absence of rodents and poisonous plant infestations; and (f) number and classes of livestock previously carried. The average of the individual grazing capacities established for all ranching units in the county shall not exceed the county average grazing capacity limit established by the Agricultural Adjustment Administration on the basis of available statistics.

Sec. 13. APPEALS

Any person may within 15 days after notice thereof is forwarded to or available to him request the county committee in writing to reconsider its recommendation or determination in any of the following matters respecting any ranching unit in which he has an interest: (a) eligibility to file an application for payment, (b) grazing capacity established for the range land in such ranching unit, or (c) any other matter affecting the right to or the amount of his payment with respect to the ranching unit. The county committee shall notify such person of its decision in writing within 15 days after receipt of such written request for reconsideration. If such person is dissatisfied with the decision of the county committee, he may, within 15 days after such decision is forwarded to or made available to him, appeal in writing to the State Committee. The State Committee shall notify such person of its decision in writing within 30 days after the receipt of the appeal. If such person is dissatisfied with the decision of the State Committee, he may, within 15 days after such decision is forwarded to or made available to him, request the Regional Director to review the decision of the State Committee.

Written notice of any decision rendered under this section by the county or State Committee shall also be issued to each person known to it who, having an interest in the operation of the ranching unit, may be adversely affected by such decision. Only a person who shows that he is adversely affected by the outcome of any request for reconsideration or appeal may appeal the matter further, but any person who, having an interest in the operation of the ranching unit, would be affected by the decision to be made on any reconsideration by the county committee or subsequent appeal shall be given a full and fair hearing if he appears when the hearing thereon is held.
